

Appl. No. 09/955,916  
Amendment dated November 12, 2004  
Reply to Office Action of November 8, 2004

### REMARKS

A Notice of Non-Compliant Amendment issued November 8, 2004. A prior amendment filed November 2, 2004, did not mention the disposition of claims 1-22, which previously had been canceled. Accordingly, this Re-Submitted Listing of Claims includes mention that claims 1-22 are canceled. Remarks/arguments of the Nov. 2 amendment remain applicable to the claims in this re-submitted listing.

The Notice of Non-Compliant Amendment called for a re-submission of the corrected section. Accordingly, the claim listing in this paper is such a corrected section and presents the claim listing for substitution into the amendment of November 2. Therefore, this claim listing repeats all amendment markings as found in the claims submitted November 2.

It is believed the amendment of November 2 otherwise resolved all outstanding issues in the application.

In light of the above, applicant respectfully requests that a timely Notice of Allowance be issued in this application.

Respectfully submitted,
